Boost your database performance

Dell™ Acceleration Appliance for Databases more than tripled OLTP workload performance on an Oracle® Database 12c versus a traditional storage solution
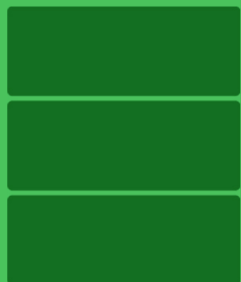

Add DAAD to an existing Oracle Database 12c for a big performance gain

3X the performance

Oracle Database 12c on a traditional storage solution

Oracle Database 12c on a tradtional storage solution + DAAD

Replace your legacy storage with DAAD for an even bigger boost

3.14X the performance

Oracle Database 12c on DAAD

Powered by Intel® Xeon® processors E5-2667 v3
