

Comprehensive, cost-effective IT management

Dell™ OpenManage™ Essentials

DEPLOY FASTER

Dell OME automatically detected and deployed a pre-defined server build. Faster deployment means more time for other important tasks.

40% less time to deploy

Measured in minutes and seconds. Lower is better.

UPDATE FASTER

Dell OME automatically downloaded firmware updates to save time. HP OneView required more steps and more time to update.

63% less time to update firmware

Measured in seconds. Lower is better.

REDUCE COMPLEXITY

All management tasks occurred within OME. HP OneView required an extra tool that lead to extra steps.

1
tool did it all

Dell OME, one tool needed

HP OneView, two tools needed

LOWER COSTS

Dell OME incurred fewer licensing fees than the HP solution.

93%
lower licensing costs
