# Give administrators time back with Dell EMC OpenManage Enterprise integrations

- Reduce time and effort to track service tickets with OMISNOW
- Simplify deployment tasks with OpenManage Ansible modules

Integrate your Dell EMC OpenManage™ Enterprise console with your platform of choice:

ServiceNow
(via OMISNOW)

Ansible®
(via OpenManage Ansible modules)

And

Save up to
10 hours of admin time
per 500 events tracking tickets with OMISNOW*

All while managing through a single, familiar console

Use Dell EMC OpenManage Enterprise integrations to automate routine tasks, freeing administrators to focus on meeting strategic goals.

Spend 72% less time
configuring a new server using OpenManage Ansible modules*

*vs. performing the same tasks manually

For all the facts, see the full test report at http://facts.pt/mvbghft
